berths, bulk cargo berths including dry and liquid bulk and container terminals under a Build, Operate and Transfer (BOT) or Lease arrangement. Revenue has accrued to the major ports concerned from these facilities as per the terms stipulated in the Concession Agreement between the port and the private operator. The revenue accrual to the port has been mainly in the form of upfront payment by the private operator, a share of the revenue earned by the private operator, lease rentals for the assets handed over to the private operator and port dues.

(c) Investment for development of infrastructure in the Port Sector is made both from Public Funds (comprising budgetary support and internal & extra budgetary resources of the ports) and through private investment. Investment from Public Funds is made for identified projects/schemes which are included in the Annual Plans. Government has issued comprehensive guidelines for private sector participation in major ports which lay down the areas and mode of participation, bidding procedures, terms and conditions of participation, model documents and selection criteria for such participation. These guidelines are aimed at making the sector investor friendly and ensuring open and transparent procedures.
